

BROADWAY @ CLASS ACT

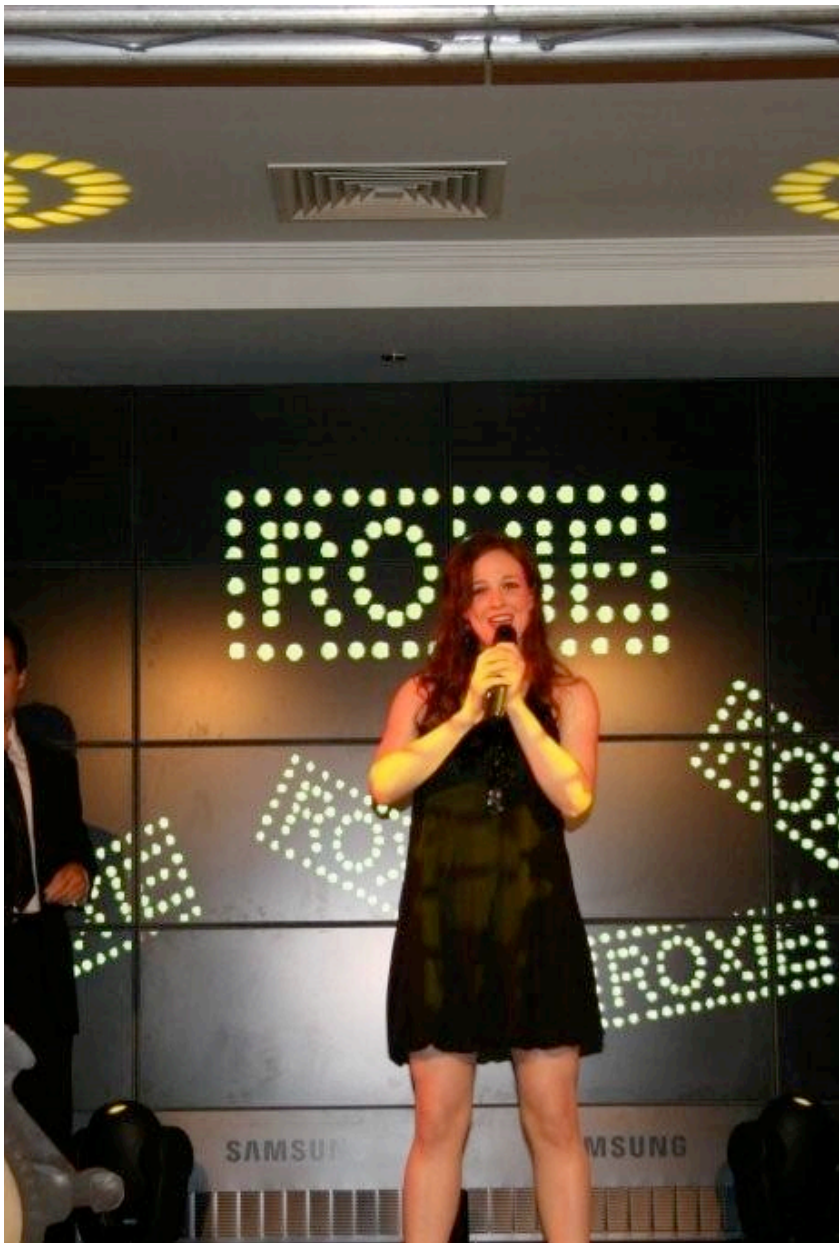

PROPS...

A West End Musical evening is fantastic fun for everyone. Class Act work with a huge selection of actors, singers and session musicians giving you a glimpse of some of your favorite west end shows.

It's difficult to assign a list of props for our West End theme, as it obviously depends on the musical! Chicago, Mama Mia, Phantom of the Opera and the Lion King were all popular themes for us last year. Please get in touch to discuss your ideas, or arrange a visit to our warehouse for some inspiration!

SERIOUS ABOUT THEMING

The marriage of life-like props, sound and lighting design, can transform your event into another world. Class Act themed events and discotheques come in all shapes and sizes, from the busy casino pits of Las Vegas, to the snow covered forest of Narnia, our in-house prop masters have years of experience creating scenes to take you to another place.

We have a huge collection of life size figures, from Marilyn Monroe and Charlie Chaplin, to the Terminator and Jack Sparrow, all kept in supreme condition and admired by all who see them.

BESPOKE PROPS

We have been crafting bespoke props for many years, from giant walk-through rabbit holes to that famous wardrobe! The only limit is your imagination! Get in touch to discuss your ideas, and make the first step towards turning your vision into reality.

ITEM HIRE

Class Act now offers a prop hire service for individual items, or even entire themes! The best place to start is by visiting our warehouse and seeing the collection for yourself. Our delivery and set-up service means you don't need to worry about transporting large props yourself, and our friendly staff will be happy to help you arrange them for the most impact at your event.
